Gina,

From what I see, though several EPA Regions (VIII, VI, and IX) might be involved in this response, the EPA is handling this situation in-house and have not asked for help from other Federal agencies, is this correct?

Also, do you anticipate requesting any support in the future, specifically from the Department of Defense? I am thinking the answer is "No," but I have got to ask. Thanks.

VR,

Leroy

Good Evening Everyone,

Please see the attached EPA statement for August 8th.

Also, some of you may have already heard through other channels but, there is pH, dissolved metals and other information on the website - www.epaosc.org/goldkingmine <blocked<http://www.epaosc.org/goldkingmine>> .

Thank you,

Gina Cristiano
